

Welcome to Your Library

Goal:

Introduce MPM master students to the UOB Digital Library.

Learning Outcomes:

At the end of the library instruction session, students will :

- Identify printed and electronic Library materials such as books, articles and thesis by searching the Library Online portal.
- Learn how to find Library resources remotely.
- Know where to find information on citation styles and avoiding plagiarism.
- Learn how to register for EndNote.(A web- based bibliographic management solution) http://endnote.com/product-details/manuscript-matcher?utm_source=en-online&utm_medium=referral&utm_campaign=en-online-match

This session will cover:

Library services

Library catalogue

Digital library Portal

EndNote

MISSION

To support the university's learning and research programmes, and to serve the local community.

- The Central Library
- The Science & IT Library
- The Law library
- The Engineering Library
- The BTC Library
- The College of Health Sciences Library

One electronic library: <http://www.ac-knowledge.net/uobv3/>

Library hours

- Sunday to Thursday:
- Central & Law: 7:00 – 19:00
- SITL & Engineering: 7:30 – 17:00
- BTC: 7:00 - 19:00
- CHSL: 7:00 – 20:00
- Variations in timings are usually posted on the library's website, information boards, and notices are sent via university e-mail.

The Services

- Book loans (borrow/return from any library)
- Inter-library loan & document delivery
- Photocopying
- PC Lab
- Reserve books

Copyright rules apply to all print and electronic collections

Strategic management in the public sector

Joyce, Paul, 1952-

Quick Links

[Author Notes](#)

[Summary](#)

Summary

Strategic management is widely seen as essential to the public services, leading to better performance and better outcomes for the public sector. The private sector idea of strategic management has become so powerful in the public sector that politicians and policy makers have begun to talk about the importance of the modern state being strategic - and we may be witnessing the emergence of the Strategic State.

Strategic Management for the Public Sector draws on experience and research from a range of countries and provides a theoretical and practical approach to strategic management that is grounded in the public sector. Drawing on the latest theory and research this text provides a fresh look at strategic management, offering foresight, analysis, strategic choice, implementation and evaluation. This book also offers original and detailed case studies based on evidence from different public sector settings, helping the reader to build on their understanding of theories and concepts presented elsewhere in the book.

Strategic Management for the Public Sector has been written specially for managers and students taking postgraduate courses such as MPA. It will also appeal to individual managers and civil servants in the public sector looking for an accessible book to read as part of their independent personal development.
